ENHET and more

For a clean expression edging on the minimalistic, there are few better ways to go than with the new ÄNGSJÖN series.

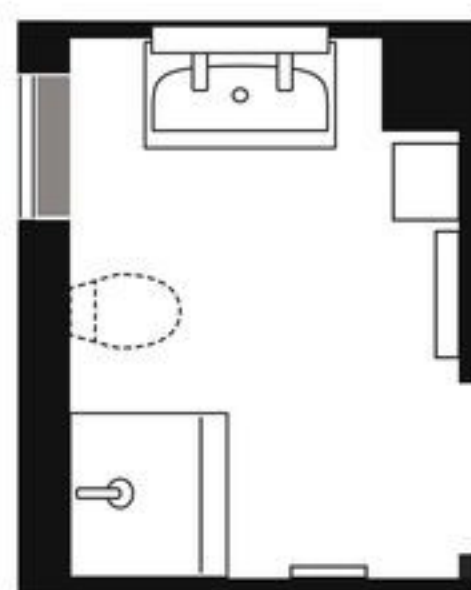

3,1 m²

Go handleless

The sleek design with integrated handles creates an appealing, modern look that goes well in any bathroom, big or small.

5,5 m²

Lasting loveliness

The oak-effect look brings a nice natural warmth. As each piece is enclosed in a resilient high-quality foil that makes them splash proof, this might just be more durable than actual oak. In any case, the 10-year guarantee is proof of the long-lasting quality.

**The integrated handles
give the ÄNGSJÖN series its
characteristic clean lines.
Perfect for a calm, clutter-free
bathroom. The soft-closing
drawers and doors is a nice
touch too.**
