Wendell Dining Chair

AED 349

Hello,

The mercury is, thankfully, falling and allowing us to step outside, take a deep breath, and soak up the breezy bliss nature has to offer.

Sure, the temperature is dropping, but we promise that our outdoor collections remain as hot – and stylish – as ever.

We humans have an innate desire to be in contact with and connected to nature. That's why biophilic [the love of all things living and natural] design is so de rigueur. This helps interior designers and homemakers to blur the lines between indoor- and outdoor spaces, inviting what was traditionally outside, in.

Our outdoor collections, aimed at helping you host unforgettable get-togethers, make use of natural materials, bright tones, and modern shapes.

So, out with the indoors and in with the outdoors!
