## Behind every mess is a new possibility.

### Life is messy and we love it.

To us, mess is more than just things or stuff. It's a part of our creative process. Mess is organic, vital and inspiring. Full of accidents, surprises, contrasts and colour. Mess is human and unpredictable, the very things that make life interesting.

But as much as we need mess, we also need ways to rein it in.

Inside this handbook you'll find a wealth of products, approaches, ideas and tips that can help you stop mess from taking control of your home and your life. Think of it as your path to a calmer, more orderly and more personal home. Not to mention, fewer unpaired socks.

Because with every mess comes the possibility of making life better. It's one of the things that makes life extraordinary.

**And that's why we love it.**

What you'll find inside...

Welcome! We hope you enjoy this selection from our range and find ideas to help you create more order and serenity in your home.

Remember, the inspiration you find here doesn't have to end with the final page. You have an open invitation to visit us online or in store, where you can discover even more!

Look inside for the solutions, tips and suggestions created with our products and filled with ideas for taming mess at home.

## Together we can create a more sustainable future

At IKEA, we want to inspire and enable as many people as possible to live more sustainably. We're doing our part by making it easy and affordable, and transforming the way we work to become circular and climate positive, so we can have a positive social impact wherever we are in the world.

We aim to use more renewable and recycled materials, eliminate waste in our operations and change the way we design the products and the services we offer, to prolong their life and make them resources for the future.

# Bring the bliss back to your bedroom

## Where there's mess, there's fuss

Bedrooms are supposed to be sanctuaries – places where we can relax and unwind at the end of our day. But if we stop taming their clutter, these relaxing spaces can quickly become their own source of stress and turmoil.

The knock-on effects of this go beyond just untidiness. Living in chaos can raise our stress levels, lead to poor sleep and lower our quality of life. Those mountains of mess not only weigh on our minds, they compromise our ability to recharge and unwind.

What's more, these overwhelmed spaces aren't only draining. They're a fertile breeding ground for conflict. That's when we need to reclaim their simplicity and turn them back into living spaces that are calmer, more harmonious and more personal.

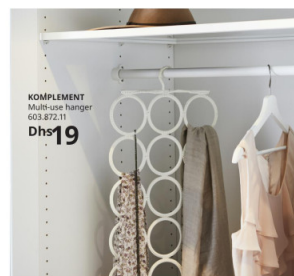

**49% of people  
fight about mess.  
To us, that's 100%  
unacceptable.**

## Soon you won't have to close your eyes to make the mess go away

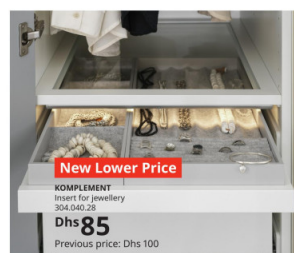

Whether it's been caused by clutter, neglect, or the pace of a life that just won't slow down, we all know the downsides of messy bedrooms. But luckily, they still have at least one upside. They can be fixed! A lot of the time, all you need to bring order back to your bedroom is better storage, or better ways to unlock the potential of the storage you already have.

Over the next few pages you'll find a selection of stylish cupboards, wardrobes and dressers, as well as clever boxes, inserts and stacking systems that can do just that. Together, they'll give you the tools you need to make sure your mess doesn't just go away... it stays away.

This multi-use hanger holds up to 18 different accessories and takes up as much space as an ordinary hanger. It's perfect for showing off your collection of shawls or keeping belts and ties in order.

Ideal for folded clothes or accessories, these boxes fit seamlessly in PAX drawers, giving your wardrobe a neat, minimalist look as they help you to organise socks, scarves and other smaller items without losing any space.

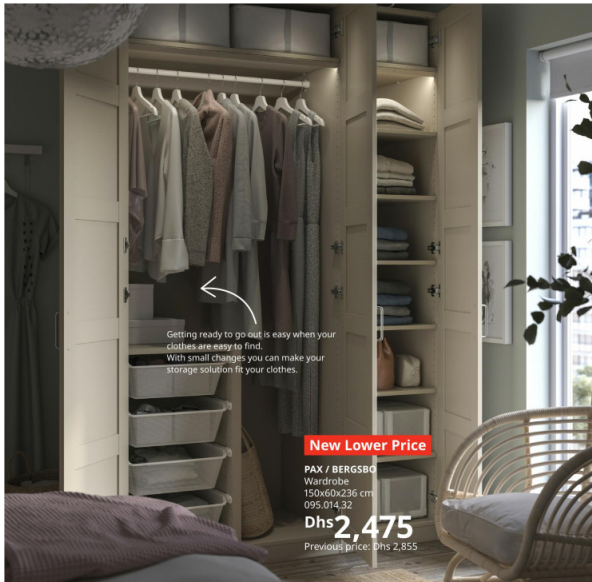

With handles that make them easy to pull out, you can keep these storage cases under your bed, making them perfect for extra bedlinen, pillows or covers. The ventilation nets in the corners allow air to circulate, keeping your stored clothes and textiles fresher for longer while protecting them from dust.

No more tangled jewellery – this insert gives you a great view of your favourite pieces while keeping them in place. For a perfect fit, you can use it on its own or with other inserts in the KOMPLEMENT pull-out tray series.

Getting ready to go out is easy when your clothes are easy to find. With small changes you can make your storage solution fit your clothes.

# Children's IKEA

## For kids, mess is half the fun

Life's too short to be scared of mess – especially when a chance to be messy is half the fun. Messy play lets children stimulate their senses, build new connections and develop richer imaginations. But out of control mess can have the same negative effects on children that it does on adults, causing frustration when their favourite toys become hard to find, difficulty focusing and even the occasional temper tantrum.

## Turn tidying up into child's play

When we help kids stay tidy, we not only lay the foundations of a lifetime of good habits. We also help them develop responsibility and a sense of their own worth. Of course, tidying up is so much easier when you know everything has a home. Bookshelves, trunks, drawers and organisers give kids great places to pack away their favourite things, leading to less toy-strewn rooms and less stressed-out parents.

Stop your teen's room becoming a lecture room by creating zones for everything. Furniture pieces that serve more than one function, like beds with drawers in them, can help make the most of your teens living area and keep the things they need most often within easy reach. Finish their room with plenty of personality and storage, and you'll have a space that's as fit for lounging and socialising, as it is for sleeping.

Get a desk that grows with them. Adjustable to 3 different heights with power strips between the table's legs for practical cable management, this desk can work for your child from early childhood through to adolescence.

This flexible, easy to move storage solution has plenty of room for pencils, books and other homework necessities. The trolley is easy to roll around and comes with a moveable hook.

Give your child their own space for sleeping, drawing, storing, doing homework and playing with friends. This loft bed combination is its own mini room within a room on only 2 square metres of space.

A sturdy desk chair with a clean design.

Super-soft linen to help your child sleep like a pro.

Holds everything your child needs to study anywhere.

## When you play smart, the mess takes care of itself

With tables and games that help take care of them along with you, you'll find there's more time to play, every day.

**Half the mess. Twice the fun**  
Play with trains and cars, build blocks or do arts and crafts. This table is a blank canvas that lets your child decide the activity. When playtime is over, everything disappears easily into the drawer.

Your smartest decisions grow with your child. This small and affordable piece of furniture can grow with your child - from loyal bedside buddy to extra storage unit, and into a desk-side shelf.

Keeping small toys and desk accessories organised can be hard work. These colourful, stackable boxes with lids are happy to take care of things until you or your child need them again.

### See things from your child's perspective

This pull-out wardrobe is designed for a child's eye-level. They get a great view of their things and can reach them from two sides - even small children and busy adults will see the benefits.

# Bathroom

## Get every day off to a clean start

A well-organised bathroom gives the whole family an easier start to their day. The GODMORGON bathroom series gives you plenty of room for storage, even if your bathroom is small, and offers you the flexibility to double-up on washbasins and mixer taps if you have a big family. Its drawers with removable dividers and shallow wall and mirror cabinets give you a great view of your bathroom necessities. It's also easy to buy because the washstand and drawers come in one neat package.

# Living room

## Less room for mess, more room for life

Living rooms are the hearts of our homes. They're the places we spend time relaxing with the people we love, welcoming guests and sometimes, even working and studying. With so many varied uses, it's no wonder that living rooms can become havens for clutter and mess. But regardless of whether your clutter is caused by frequent use, a too small space, or a temporary living situation, there are ways to make sure that whenever mess springs up, it doesn't lounge around.

## Show mess you have things sorted

Clearing out clutter is a great first step to making your living space feel less messy and overwhelming. Cabinets, vertical storage and hidden spaces in couches and footrests are a great way to calm down a busy room. Simply aim for cohesion and try keep like objects together so you always know where to find things.

The cover is easy to remove and machine wash, so you can enjoy your sofa without worrying about spills.

Wide armrests make room for everything from your mobile phone to a bowl of popcorn or movie snacks. They're also comfortable to lay your head on if you choose to lie down on your sofa for a rest.

There's more to a KIVIK footstool than meets the eye. You can rest your tired feet on it or use its hidden storage space to keep your things out of sight, but close at hand.

# When clutter takes over, no one else feels at home

Just because passion rules your life, doesn't mean it has to ruin your relaxation. Messy spaces can make it difficult to maintain our privacy, blur the boundaries between family members and housemates and create new sources of friction, drawing unwanted attention and making it hard for everyone to share space.

## Out manoeuvre mess with smart modular designs

People come, people go, night turns to day and work turns to play. Life in your living room is always changing, so it makes sense that your living room design should be up to the task. Smart modular designs make it easy to adapt your pieces, with sections that can be split apart and re-homed to work with your space and your things.

Smart, simple storage gives you everything you need to keep things organized at home. You can choose a ready-made combination or create one that's specifically adapted to your style and belongings. It's just one of the many, many possibilities.

# Use your space, your way

The best types of storage are versatile enough to work with your space, your style and your needs. The pieces in the BESTA series are easy to customise and come in a large variety of shapes, sizes, colours and door finishes that will make them feel at home in any space. These clever cupboards also come with a mix of open shelving and closed cabinet sections, allowing you to house some things unobtrusively while retaining other areas for display or easy to reach storage, all within the same unit.

Doors protect and hide as they decorate, allowing you the freedom to choose how you want to use the space within. The doors in the BESTA series are available with either a soft-closing or push-open function, letting you open the doors with a light push or close them silently and softly.

## There's an up-side to living out of boxes

Boxes are an exceptionally effective way of turning clutter into order and harmony. With a variety of textures and finishes, from simple shapes that provide unobtrusive structure, to organic textures and weaves, boxes can help you finish and style your spaces, while making the most of the room you have available.

## Tie things together

The VIHALS storage series has a unifying look that can help connect diverse collections of objects, as well as tie together rooms throughout your home. Regardless of whether you choose a single piece or combine several units, the shelves will always align to create a beautiful, uniform look.

## Box clever

Sturdy, lightweight boxes can house the things you want to hide and then be folded away as soon as you don't need them. They can be coloured and customised in a variety of ways, allowing you to use them to blend in with or accent the space you're working with.

## Less clutter, more peace

Bring airiness and ease to your rooms with plentiful open shelving. Simple designs in natural materials wear well and give you the flexibility to decide how much you want to house. For easy everyday use, try pairing them with clear boxes and glassware that let you spot the things you want, while still taking the edge off clutter.

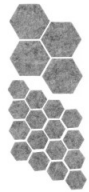

# There's value in simplicity

When we design a product, we create the price tag first. This helps us choose the best materials and avoid waste during production. It's as simple as that.

# Kitchen

## Is your kitchen a recipe for mess?

From surfaces covered with sticky stuff to piles of pots and counters cluttered with appliances or even unopened correspondence, the kitchen is a place where things can quickly spill out of control. These days, it's not just cooking and cleaning that creates our complicated relationship with our kitchen. This vital space can also find itself doing double duty as a home for pets, relaxed get-togethers and those sprawling school projects.

**It's official! We all struggle when our kitchens get too messy.**

## Help that kitchen mess simmer down

Simplify and streamline your kitchen and you'll simplify and streamline your life. To get a kitchen that's a serene, lean, cooking machine try organising your things with drawer dividers, shelf organizers and labelled containers, decluttering regularly and wiping down surfaces the moment you're done with them.

## Tidy up with a choice of timeless looks

If your dream kitchen is timeless, traditional and just a little trendy, BODBYN's classic kitchen doors offer a handcrafted feel with their frame and bevelled panels. To make the most their traditional feel, stick with one harmonious main colour like off-white, which can add warmth and homeliness to your kitchen.

NYPON looks like a concrete pot but is made of at least 50 percent recycled plastic. That's why it's lightweight and easy to move around when you're decorating outdoors and indoors – or simply stacking it for storage.

## Compact, modern kitchens

Create a modern kitchen that's perfect for smaller spaces. These kitchens make clever use of a mix of open and closed shelving, particularly in their nooks, to create a smart solution that lets you both hide your clutter and display who you are.

Reducing clutter is essential for people who're on the go. For added workspace and a convenient place to tuck those everyday cooking utensils, try adding to your existing unit from our choice of kitchen islands, stations and trolleys.

**Making sure you have ample closed storage is a great way to go if you want a calm and clutter-free kitchen.**

The ENHET series makes it easy to start fresh with a new kitchen solution. This approach is perfect if you prefer to hide the clutter and appliances behind cabinet doors and drawers, for a smooth and uniform look.

## Design it yourself

Scan the QR code to customise the look and functionality of a Kitchen that suits your taste, space and needs.

## Flexible, functional and full of style

Your best kitchen choices don't just look good, chances are they're practical too. Make the most of your kitchen with a blend of solid, hardwearing style, ample storage and practical surface solutions and you'll be cooking in no time.

### Embrace the lasting warmth of wood

VEDHAMN oak fronts with either oak veneer or glass panels can help you create an inviting kitchen you'll never tire of. Beautiful, long-lasting and robust, these kitchen fronts offer high-quality craftsmanship coated in a protective lacquer for extra endurance that will give your kitchen a look that lasts.

This handy divider helps to organise the contents inside your drawers, and stops glassware and tableware from sliding around and bumping into each other. Best of all, it's adjustable to fit what you need to store.

104

## Stylish kitchen fronts that are simply you

With their matt black surface, NICKEBO fronts work well if you want to create a stylish and modern look. Their clean, uncomplicated design makes them easy to place and personalise with knobs, handles, worktops and other details to strengthen your style.

105

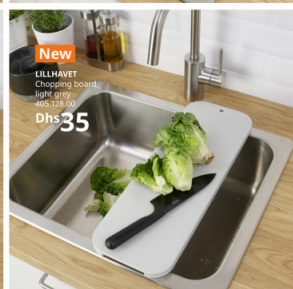

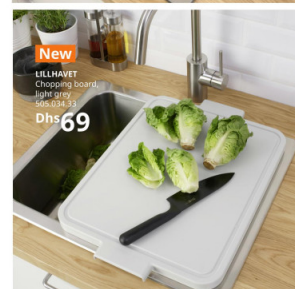

## Get instant space for anything

From noodles, rice and potatoes to oatmeal, kitchens are already home to lots of instant things. If you find yourself in need of instant storage and workspace, try a kitchen island or a trolley. The right kitchen island or trolley can hold bigger pots, ovenware and bowls, while adding some of the extra counter space you might be missing.

## Tidy sink, happy cook

The sink is often at the heart of a messy kitchen. But it's a spot that just needs a little organization to truly shine. Containers and inserts can divide up your sink so you can use it right up until mealtime. And if you just can't handle the dishes right now, that's ok. There's a cutting board that'll cover it right up for you.

## Sometimes all you need is simplicity

Choosing and installing a kitchen isn't normally high on our list of simple things to do. Freestanding modular mini kitchens are a great solution for small spaces and timescales. Pair them with TILLREDA series appliances, and you'll have a kitchen that's easy to adapt and add to, or even take with you to your next place.

# Guarantees

10

10-year guarantee

25

25-year guarantee

## General conditions

### What is guaranteed?

The extent of the guarantee given for each product is described alongside each product.

### Duration of guarantee

Each guarantee lasts for the number of years stated against each product starting from the date of purchase.

### What will IKEA do to correct the problem?

IKEA will examine the product and decide if it's covered under this guarantee. IKEA will then, at its choice, either repair the defective product or replace it with the same or a comparable product. In these cases, IKEA will be responsible for the costs of repairs, spare parts, labour and travel for repair staff that IKEA incurs, provided that the product is accessible for repair without IKEA incurring additional expenditure to gain access. This will not apply in cases where repair work has not been authorised by IKEA. Any defected parts removed in the course of repair works will become the property of IKEA. If the item is no longer sold by IKEA, IKEA will provide an appropriate replacement. IKEA will decide at its discretion, what will constitute an appropriate replacement.

### Conditions for the guarantees

The guarantees are valid from the date of purchase at IKEA. The original purchase receipt is required as proof of purchase.

### Exclusions

The guarantees do not apply to products that have been stored or assembled incorrectly, used inappropriately, abused, misused, altered, or cleaned with wrong cleaning methods or wrong cleaning products. The guarantees do not cover normal wear and tear, cuts or scratches, or damage caused by impacts or accidents. The guarantees do not apply if products have been placed outdoors or in a humid environment or if the products have been used for non-domestic purposes (unless otherwise stated). The guarantees do not cover consequential or incidental damages.

### Care instructions

To be able to rely on this guarantee you need to follow the specific care instructions for every product.

► You will find all care instructions in the IKEA stores and on the IKEA website [IKEA.ae](https://www.ikea.ae)

### General legal rights

This guarantee gives you specific legal rights. This guarantee does not, in any way, affect the rights given to you by law.

How to reach us if you need service:  
Contact your local IKEA store.

► You will find the address and phone number in the IKEA catalogue or at [IKEA.ae](https://www.ikea.ae)

Save your sales receipt as proof of purchase. Proof of purchase is required for the guarantees to be valid.

► To find out more, pick up the guarantee folders in your local store.

### Price Guarantee:

Catalogue Prices are valid until 31 July 2024. (All delivery, assembly and installation services are charged separately, and are not included in the catalogue prices.)

**Note:** We reserve the right to adjust our prices according to any alteration of VAT or any changes beyond our reasonable control, e.g. Major currency fluctuations. Although we do try to ensure that all the information in this catalogue is correct at the time of sending it to print, we reserve the right to make any alteration to any of our products or range at any time. Please also note that some articles may vary in size and colour from that shown.

For more information about our guarantees, please visit [IKEA.ae](https://www.ikea.ae) or scan the QR code.
